RESEARCH ADVISORY COUNCIL

The Research Advisory Council is charged with advising the Provost and Chief Academic Officer on research policies, procedures, and initiatives which will enhance the ability of the university to realize its potential for distinction in research, creative, and scholarly activities. The Council’s overall function is to promote scholarly productivity and help to nurture a climate that encourages transdisciplinary research. The Research Advisory Council is comprised of representatives from each of the 13 schools/colleges, two representatives from the Faculty Senate, and the provost. Representatives from the schools/colleges are either appointed by the Dean or hold research positions in their respective school/college.
